Dear Parents and Children,

I am writing a letter to persuade you to all come to our LPS Market, which opens at 3pm on Monday the 15th of July. Come and visit us because I am sure you will have an amazing and fun time.

Firstly, we have all worked very hard on our projects for you to enjoy! We are trying to raise money for our wonderful school. We want to make money for resources like felt pens and more gym equipment to make us happy. We want and need to keep having supplies, like more Chromebooks for our school and equipment for playtime to play with if we are bored, so we need to pay for all that. Do you want us to have more resources or not?

Secondly, we will also be selling homemade recycled items to save the environment instead of binning things and never seeing it again! The Market will be incredible for your health and wellbeing – to get outside, chat to new people, meet new people and get off screens.

Finally, we are doing a school fete in our school and that is where our market is. It will be a very fun event. You will have a great time! Support us all please! It's very very important to us and our school.

I look forward to seeing you in our LPS Market and I hope I have persuaded you enough.

Amirah Michael
